Hon'ble Minister of Information and Broadcasting;
and Electronics and Information Technology.
Govt. of India, New Delhi.

Sub.- Suggestion for mandatory disclosure of surface - mail address on each website.

Sir,

With due respect it is to submit, that so many websites do not disclose their physical address to send a letter or to approach them on given address, e.g. a website on Hindi poems and Urdu shayari (www.merealfaaz.com) does not provide address on its website. If an individual has some query or grievance, he is advised to send an e mail to the content creator or the owner of the website. When there is no response from the given e mail address then the aggrieved person is unable to take further action. Such type of virtual world is a threat for morality, national integration, creativity, dissemination of correct knowledge and protection of intellectual property rights etc. It is requested to you; please issue instructions to all website owners to disclose their physical address on the main page or contact page.
