Hon'ble Prime Minister  
Govt. of India, New Delhi.

Sub.- Suggestion for Income tax.

Sir,

It is a matter of great concern that the income tax is charged on individual's income and the mockery of the system is that the double earning (Husband and Wife) families are paying less income tax than a single earning family. Suppose a Lecturer ( single earner ) is getting Rs. 5.0 lac per annum and a family of two LDCs or two school teachers ( husband and wife ) getting Rs. 7.lac per annum then obviously the lecturer is paying more income tax.

My suggestion is that the income of husband and wife must be clubbed in terms of income tax since the spouse gets so many facilities from the government (like relaxation in transfers).

With Kind Regards

Yours Faithfully

  
( Surendra Kataria)
