Udaipur,

Sub:- Disaster prone Celebration mall, Udaipur,

Madam,

We need to apprise you that the biggest shopping mall -cum -multiplex cinema building of the city i.e. Celebration mall is not abiding with the safety measures essential for disaster preparedness.

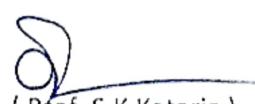

On Sunday (7-7-19), we both went to celebration mall to watch movie (Article-15) in PVR cinema situated in celebration mall. We parked our car at basement and used stairs to reach at fourth floor. We found that none of the entry/exit door of various floors was opened and only one *chaukidar* was available who refused to open the stairs entry and said that only lift can be used in this mall.

Moreover, no gate has handles on either side. The question is how we will manage /save 1000-10,000 people in case of fire, earthquake, terrorist attack or other natural or man- made disaster or emergencies in this building.

Kindly look in to the matter and instruct the manager of the mall.

Thanking You

Yours Faithfully
