The Chairman
University Grants Commission
New Delhi.

Sub.- Academic and quality improvement in Ph.D. thesis : A suggestion.

Sir,

I need to submit you that many times I have noticed that the external examiner come for conducting a Ph.D. viva-voce in a university raises many questions against a thesis and gives many useful suggestions to the scholars and sometimes to faculty of Host University.

My suggestion is, kindly make it compulsory for the external expert to carry own Ph.D. thesis to show the quality of research work, since action (work) speaks more loudly than words.

With kind regards

Yours Faithfully

(S.K.Kataria)
