Grievance Description

Sir In today's India almost everybody has a smart phone and whenever any unusual incidence takes place people start making videos instead of handling the issue wisely. In this month a youth was cutting the throat of his uncle's 12 year son by a blade in a village of Sikar district Rajasthan and the mob was making video and the boy died on the spot because no body tried to save the boy. My request is please make a law that in such incidences the onlookers and stranded people who do not play their citizen role and show insensitive attitude will be punished by court of law.
