Respected Chief Minister Sir,
Govt of Raj, Jaipur.

Sir,
The Govt of Raj, under your leadership is doing excellent work and fulfilling the aspirations of a common man.
I need to draw your attention, on the demand letters received in your office from various associations of university
teachers for increasing the age of superannuation from 60 to 65 years pleading that UGC has recommended it.
Sir, the Govt of Raj, has already decided this issue and declined this point and the age of university teachers has been
decided 60 years.

The age of retirement of civil servants is 55-58 in many states.

IF YOU INCREASE THE AGE IN RAJASTHAN AT THIS STAGE, THE UNEMPLOYED YOUTH WILL GO AGAINST YOU
IN COMING ELECTION.

In fact, hardly 20 percent Professors take classes in universities and moreover you can deploy 05 lectures in lieu of a
Professor's salary (i.e. 2.5 lac rupees per month.).

I am going to be superannuated in next year and I know that physically and mentally 60 years is perfect.

HAPPY NEW YEAR TO YOU SIR AND ALL YOUR STAFF MEMBERS.

Regards
Prof. S.K.Kataria
