Sub.- Suggestion for Citizen- *Kundali* (Citizen - Dossier).

Sir,

This is in reference to my earlier email sent to Central Vigilance Commission on dated 20-11-20 regarding clubbing all the activities of a citizen at one place (dossier) whether it is birth, marriage, death, family-tree, law breaking incidences, FIR, disputes, civil or criminal suit, awards, punishments, health, education, job and livelihood status, land, property and vehicles (buy or sell), misuse of authority, challans and notices issued, foreign trips, emigration and immigration (within and outside the country) tax paid, loan availed and paid, social activities, positions held etc, and so on. All such formal entries supposed to be made in this dossier by the central and State government agencies as well as by the corporate sector (with the permission of government).

This dossier would help in solving the major lacunae of Indian administrative agencies i.e. lack of coordination and further it will also help citizens to get rid of various types of card / number / account/document e.g. aadhaar, birth certificate, marriage certificate, PAN, Aadhar card, driving license, voter id card, mediclaim, janadhar etc. This process will help in identifying centralization of land and property, criminal activities and habitual offenders, and ultimately will lead to an ethical society.

Hope, you will consider the suggestion and put before policy makers.
